

# COLLECTIVE EXCURSIONS ON ADULA'S PEAK ACCOMPANIED BY TICINO'S MOUNTAIN GUIDES ASSOCIATION

Have you ever wanted to climb the Adula?

This summer, the news from the Adula UTOE hut!

We organize ascents to this peak for you in the company of a Ticino mountain guide. To register or for further information please contact us on + 41 77 459 96 11; or by e-mail [adula@utoe.ch](mailto:adula@utoe.ch).

The itinerary starts just behind the well-known Luzzzone dam at 1600 m above sea level and goes along the Val Carassina, along a flat, natural road. At the end of the valley we start the ascent to the Adula UTOE hut at 2393 m; where we await you for dinner, sleep and breakfast. The next day we will follow the glacial moraine to the Bresciana glacier where we will equip ourselves and then continue along the ridge until we reach the summit at 3402 m (about 4 hours). It is the highest peak of Ticino, a classic route, an introduction to mountaineering, a great viewpoint near you... At the end of the morning you will return to the hut and in the afternoon to your destinations.

N.B. If you are interested in climbing the Adula along the Via Malvaglia, please contact us.

## **PRACTICAL INFO**

Group excursions are organised for a maximum of 5 people, and for more people a second mountain guide can be discussed. You can sign up alone or in more than one person and 5 days before the outing we will discuss with each member the total number of participants and therefore the actual price. You can confirm or cancel your participation on that day.

The general conditions for the engagement of the guide will be provided to you at the time of reservation or on request by email.
